Montepulciano 葡萄是用來釀造 Rosso Conero 的葡萄品種。Moroder Montepulciano 葡萄園包括長達 70 年的葡萄藤。古代作家 Plinio 在他的作品 *Naturalis Historia* 中提到了在安科納附近的亞得里亞海沿岸生產的酒體飽滿的紅葡萄酒的品質。如今，這些特性仍然屬於 Rosso Conero，這是自 1967 年以來馬爾凱地區的第一個 DOC。Moroder 是該地區第一家獲得 1988 年 Gambero Rosso with Dorico 頒發的“3 Bicchieri”獎的酒莊。

Montepulciano grape is the variety that is used to make Rosso Conero. Moroder Montepulciano vineyard includes vines up to 70 years old. The ancient writer, Plinio, in his piece *Naturalis Historia*, mentioned the qualities of a full-bodied red wine produced in Adriatic coast, near Ancona. Nowadays, these characteristics still belong to the Rosso Conero, the first DOC of the Marche region since 1967. Moroder has been the first winery of the region to receive the “3 Bicchieri” award from Gambero Rosso with Dorico in 1988.
